

## ADVOCACY

We believe our bicycling together for recreational purposes educates us all, motorists, pedestrians and fellow bicyclists, in access issues, rights and responsibilities and skilled, safe bicycling.

### Members of the Schaumburg Bicycle Club

believe their efforts and example will encourage others to bicycle whenever and wherever possible and encourage more children to bicycle and walk to school.

Bicyclists fare best when they act and are treated as legitimate users of the road.

All skill levels

All riding types

## “Bicycle Friendly”!

Schaumburg was first designated a “Bicycle Friendly” community by the League of American Bicyclists in 1999.

With 89 miles of paths and bikeways and three forest preserves close by, this area is a haven for bicyclists. Schaumburg and surrounding communities are home for over 1,000 people who bicycle regularly—whether for exercise, for sport, for fun, or for their commute. These cyclists care about the environment, they care about their sense of well-being, and they care about the price of gasoline.

### Club Rides

As you'd expect from a cycling club;  
We organize opportunities to ride!

Cycling encompasses many different activities:

- Path and Touring Rides

SBC hosts rides through scenic areas on bicycle paths including Busse Woods, the Illinois Prairie Path, and the Fox River Trail.

Club members also tour cross country on their bicycles.

- Road Rides

Our scenic road rides through Schaumburg and nearby towns are moderate pace for beginners and enthusiasts. You will also have opportunities to travel with club members to rides in other areas.

- Mountain Bicycle Rides

Looking for some off-road excitement?  
How about a view of pristine Illinois prairie?  
Club members organize Dirt and Grass trail rides.

- Cycling Education

Club seminars include clothing, nutrition, safety, and bike maintenance.

- Off-Bike Fun

Members also enjoy activities such as Hikes, Picnics, Dinners, and Cross Country Skiing in the winter.

### Top Ten Reasons To Join SBC

1. Use your bicycle!
2. Meet new people!
3. Have fun!
4. Learn to ride safely!
5. Increase your fitness level!
6. Help advocate bicycle use!
7. Learn about and try other types of cycling!
8. See new places, both near and far!
9. Learn to make cycling a family activity!
10. Organize and lead your favorite activity!

Join us the 4th Wednesday of the month for a club meeting at the “BARN.” at 7 PM

231 Civic Drive, Schaumburg, ILL
